PROSPECTIVE

Oh we'll have a wonderful city. A city that's run on the square. When our Aldermen, City and Council are run alone by the Mayor.
He'll have no need of committees. For waterworks, light or finance. Will the way he'll mix up conditions. Will lend us a song and a dance.
No goods will be buy from our merchants. For waterworks, city or light. Our coal he'll import from Hades. For its only there that its right.
He'll bulldoze our city officials. Or shut them up in a box. Don't worry—these things only happen when the man of the city's an ox.

Candidates in the Field

Three for Mayor, Six for Aldermanic Honors and Three for Public School Trustees

Separate School Trustees by acclamation

As anticipated, much enthusiasm prevailed at the City Hall, on Monday forenoon last, at the nomination to fill the civic vacancies, and from present indications, the election on Monday next will be one of the most keenly contested in the history of the city.

The three candidates for the mayor, forwarded by The Times, last week were placed in the field, and the selection will be made from the following:

Robert M. Angus
John F. Fowler
Alexander Knox

The names appearing on the nomination paper of Mr. Angus are: E. W. Gross, Lou Hanna, J. R. Staples, C. O. Bailey, Wm. Carruthers, Hector Beguin, A. Patenaude, John Miller, P. B. Watson, Thos. Ward, Jna. Lake, W. K. Clarke and Peter Weiler.

Mr. Fowler's paper merely complied with the law with four names as follows: C. H. Swanson, N. O. Williamson, Geo. H. Robinson and E. T. Williamson.

When a reporter asked Mr. Knox for a list of the names on his paper, he replied that he did not have the names in his possession, but the

list was "overriding."

The following are the names for the aldermanic honors:

Eric J. De La Tour
Wm. Dugan, V.S.
Alderman J. Ellis
Chas. D. Taylor
Edward Munneley
H. C. P. Walker, M.D.
Finlay B. Wilson

Mr. Munneley has withdrawn his nomination leaving the other six in the contest.

For the two vacancies on the public school board, four names were placed in nomination, but Harding says has withdrawn, leaving the following in the field:

J. F. Fowler
H. W. Manley
E. A. Norbury, M.D.

There will be a contest to fill the vacancies on the Board of Health. Separate school board, as the following were nominated by acclamation:

August Genz
L. T. Mignin

TO THE ELECTIONS OF THE CITY OF WETASKIWIN

Being unable to be present at the ratepayers' meeting on Tuesday night last, I take this opportunity of announcing myself as a candidate for

Ratepayers' Annual Meeting

The annual meeting of the ratepayers in the Dreamland Theatre on Thursday evening of last week, was the best attended of any civic meeting ever held in the city and the greatest interest was taken throughout the entire proceedings.

The reports of the various committees were presented, which, generally, were entirely satisfactory to the ratepayers, and it was evident that the mayor and aldermen had done everything to further the advancement of the city, with economy as the watchword. Mr. Alex. Knox endeavored to delve to the bottom of every transaction that was not fully explained by the chairman of the different committees, and thought that some of the actions of the council were open to criticism.

G. R. Taylor, superintendent of the electric light department was not satisfied with the report of the committee in connection with his department as well as with statements made by the mayor, and took the platform to give his side of the story. He criticized his Worship for not going down to the electric light plant more than once, and then stopping only a few minutes. He considered the mayor "had it in for him," and wanted to "know right there and then" if Mayor Fowler, through him a person to be in charge of the power plant.

In replying to this Mr. Taylor stated that many of the citizens thought the unsatisfactory light and power service was due to conditions under Mr. Taylor's control, and he could not help but feel that Mr. Taylor was at least partly to blame for the conditions as they had existed.

Mr. Taylor, who was the first speaker, thought the aldermen had done all that could be expected of them during the past year, as they had to meet a small deficit on account of office, and would retire at the end of the year with a clean sheet. Referring to the electric light department he stated that if the service was not satisfactory after the new machinery, which is now being installed, is running, the council should take action. The progress at the gas well was far from satisfactory, but it was only a short time ago that the solicitor would consent to taking legal action. The incoming council would be free to act in that matter. There was one matter he wished to make right, and that was that the contract had not been broken on the part of the city, and that Mr. Grant would have to complete the hole with a six inch hole at the bottom. Referring to members of the council supplying goods to the city, this was done only where satisfactory goods could not be procured from other dealers, and these only to save delays and inconveniences. He favored a subsidy, but the cost would be too great at the present time.

Alex. Knox was the next speaker, and he criticized the actions of the aldermen in supplying goods to the city. This was wrong and illegal.

Demise of J. H. Martin

The many friends of Mr. John Harrison Martin were greatly surprised on Monday morning last, to learn that he had passed away to his eternal home. He had been in poor health for some time, and it was thought that the spirit was about to take its flight a couple of weeks ago but deceased rallied, and it was hoped that he would be spared to his friends. On Monday morning early he appeared to be convalescing nicely, but in a twinkling he collapsed over, and the end came. Deceased was born in the township of Vaughan, county of York, Ontario, on September 15th, 1859, hence he was in his sixty-second year. He learned the trade of cabinet maker at Oshawa, at which he worked for a number of years. He was well known at Guelph and Hamilton, Ont., where he lived for several years. He was a veteran of the Fenian Raid of '66, serving with the 37th Battalion Ontario Rifles, and could relate many interesting stories of the hardships he endured, and the narrow escapes he experienced. In the year 1875, being seized with pioneer instincts, he went west to Manitoba, where he took up a farm near Rapid City, which he worked for many years. Five years ago he took an extended trip through British Columbia and Alberta, deciding to locate here, and at once commenced to build his cosy brick house on Lorne street.

Deceased was a prominent member of the Independent Order of Odd Fellows, being a Past Chief Patriarch of the Encampment Branch, a member of the Rebekah Branch, and also a member of the Canton. He had been a life-long abstainer, and prominent in all temperance work and had been a member of several temperance organizations. He had been a member of the Methodist church for about forty years, and in politics he was a staunch Liberal.

He leaves to mourn his loss a heart-broken widow and family of two sons and two daughters, namely: Arthur W. of Toronto, Frank U. of Montreal, and Mrs. E. A. Miller and Mrs. Tracey Walker, of this city.

The funeral took place on Wednesday afternoon, the services at the house being conducted by the Rev. A. R. Aldridge, B. A., and at the grave side the beautiful Odd Fellows' service was read, and the interment took place with fraternal honors, a large number of the members of the order being present to pay their last respects. Among the floral tributes were appropriate wreaths from the Odd Fellow lodges in the City and the W.C.T.U.

**SIFTON RAILWAY POLICY IS A
COMPREHENSIVE ONE**

Premier Sifton placed before the
Legislative Assembly at its sitting
Tuesday afternoon the details of the
Government's railway policy referred
to in general terms in the speech
from the throne. The announcement
of the particulars of the plans pre-
pared for the development of the por-
tions of the province hitherto unser-
ved by railways was made by the
Premier in the course of a powerful
address on the speech from the
throne and in reply to B. Mitchener,
the opposition leader, who concluded
a speech of an hour's duration by
moving an amendment censuring
the Government for not giving the house
fuller information regarding the rail-
way policy.

The Premier's announcement of
extensive plans for railway extension
in both the northern and southern
portions of the province completely
took the wind out of the sails of
the opposition leader's oratorical ar-
rangement of the chief executive for
dramatic silence in regard to his
railway policy. The Premier's announ-
cement of the most comprehensive
railway plans ever prepared by the
Alberta Government was received with
general applause from the Govern-
ment benches and with dead silence
by the opposition. It made the plan
of the opposition leader altogether
valueless, and vindicated the stand
of the Government in refraining
from divulging particulars of its pol-
icy until the proper time and place
—the Legislature in its annual session
rather than through the newspapers
etc.

IER SIFTON**

north of the C.N.R. main line to range
5, and then to the southern bound-
ary of the province between ranges
5 and 6.

A continuation of the Peace River
line and the line already arranged for
between Camrose and Strathcona,
down to the east boundary of the
province to meet the line coming from
Regina and Winnipeg, thus making the
shortest line between the three cap-
itals of the province, continued on to
the Grande Prairie.

A line from Strathcona running
just south of the Saskatchewan Riv-
er to a point between or about 10
miles west of the C.P.R. railway,
thence south to the neighborhood of
Pincher Creek at an average distance
of three townships west of the C.P.
railway.

A line from the Stettler-Brace-
man, starting at a point eighteen
miles east of the C.P.R. railway and
running south to meet the Goose Lake
line into Calgary at a point near
Wallwork, north of the main line
of the C.P.R.

**HAD VERY BAD
COUGH**

And Tickling Sensa-
tion in Throat.

Dr. Wood's Norway Pine
Syrup Cured It.

Miss C. Danielson, Downsman River,
Man., writes:—"Last fall I had a very
bad cough and a tickling sensation in
my throat. It was so bad I could not
sleep at night, so I went to a druggist and
told him I wanted something for my cold,
and he advised me to try Dr. Wood's
Norway Pine Syrup which I did, and after
taking one bottle I was completely cured.
Let me recommend Dr. Wood's Norway
Pine Syrup to anyone who suffers from a
cough or throat irritation."

Dr. Wood's Norway Pine Syrup is
without a doubt one of the greatest cough
and cold remedies on the market today,
and so great has been its success there
are numerous preparations put up to
imitate it. Do not be imposed upon by
taking one of these substitutes, but
insist on being given "Dr. Wood's," when
you ask for it. Price, 25 cents a bottle;
put up in a yellow wrapper; three pine
trees the trade mark; manufactured only
by The T. Millburn Co., Limited, Toronto,
Ont.

For sale by Red Cross Drug Store.

Buying Lucky Jim Shares

Now, is like buying Dollars for 40 cents

The greatest stamp of approval is the fact that the C.P.R. is building the road with all conveniences possible, to haul out the Ore, and same will mean an expenditure of over \$100,000. Of all commercial metals, Zinc Ore is scarcer than any other Ore on the market, with increasing demand.

When shipments once commence they should continue at the rate of 100 tons a day at \$20.00 a ton, net profit. Assurances have been given that the LUCKY JIM has blocked out such immense body of Ore that it leaves no doubt whatever regarding the merits of the proposition.

Those who invest now, should receive a profit of at least 25 per cent. a year on their investment.

LUCKY JIM stock will go to PAR \$1.00 a share within a reasonable short time.

Correspondence or call respectively solicited.

Buy Lucky Jim Zinc Mines, Ltd., Shares Now

I will sell a limited number of shares of the LUCKY JIM at 40c per share, payable 20c per share cash, with the order, and the balance in sixty days.

The greatest kind of Christmas present—the greatest Christmas present of its kind, the Edison Phonograph

a gift for ALL the family, a gift for ALL the year, and for ALL the years to come

Think of the money that is thrown away on gifts at Christmas time—the candy that is eaten, the toys that are broken, the Christmas cards that are merely glanced at and thrown away. What have you to show for last year's Christmas? Now think of the Edison Phonograph—the gift of a lifetime, that brings to every member of your family the very best of entertainment and pleasure, not merely for a day or a year, but for always. That's what makes the Edison the greatest kind of gift. The Edison brings you the four great advantages which you should look for in a sound-reproducing instrument, and which you will find only in the Edison—exactly the right volume of sound for your home; the complete reproducing-point, which does not scratch or wear the records and lasts forever—no changing of needles; Amberol Records, which play twice as long as the ordinary records, rendering your collection complete, the ability to make and reproduce your own records, in your own home, just as in the life as the records made in our laboratory. That's what makes the Edison Phonograph the greatest gift of its kind.

There are Edison dealers everywhere. Go to the nearest and ask him to show you the Edison Phonograph. You will find that the Edison is the greatest gift of its kind. The Edison is the greatest gift of its kind. The Edison is the greatest gift of its kind.

I am—Buck has proved a great comfort to me, as it is now something like two months since it cured my little girl of eczema, from which she suffered for a year.

"When the sore first broke out I tried to cure it with salve, but it did me no good. I tried ointment and ointment of all kinds, but the sore still spread. The disease finally became so bad that the child's face and shoulders were completely covered with sores. I began to feel the pain the first night of a year old child to suffer."

"On this day I tried to cure it with salve, but it did me no good. I tried ointment and ointment of all kinds, but the sore still spread. The disease finally became so bad that the child's face and shoulders were completely covered with sores. I began to feel the pain the first night of a year old child to suffer."

"I have waited several months before mentioning this case to you, in order to see if there was any return of the disease. There has not been any return; the cure being permanent, and there is no more or trace of the disease from which the child suffered so long. You may publish this information if you wish, so that every mother may know the value of Zan-Buck."

Zan-Buck is just as good for cold sores, chapped hands, piles, blood-poison, throat, bad leg, various skin eruptions, frost bite, baby's chapped places, etc. Also as an emollient for rheumatism, eczema, etc. All Druggists and Stores, Six Box or Zan-Buck Co., Toronto, for price.

SETTLERS STILL POURING IN FROM UNITED STATES

According to figures supplied by J. Bruce Walker, commissioner of immigration, the number of immigrants who arrived in the Dominion during November via the entry port of Great Britain, shows an increase of 100 per cent. over the settlers declared during the same period in 1910. It is also stated that the amount of capital brought in by these settlers is \$2,000,000 in excess of the amount brought in November last year.

GRAND TRUNK PACIFIC PROMOTING FRUIT INDUSTRY

The Grand Trunk Pacific have procured samples of apples grown in Kitchissippi Valley, 90 miles east of Prince Rupert. These apples are of different varieties, beautiful in their coloring, and the flavor is in every respect up to the perfect standard grown in Ontario, entirely unlike the inferior fruited fruit grown under the irrigation in the more southerly regions and in practically all the Pacific Coast States. The specimens came from the orchard of Mr. D. Stewart, who has about 15 acres under cultivation, and they represent the first growth on the operated line of the Grand Trunk Pacific.

In the valleys of the Kitchissippi, Lake and Copper Rivers with other areas along the Skeena River there should be approximately 200,000 acres of the ideal fruit lands placed under cultivation in comparatively few years, and much of this land can be procured by pre-emption in 100 acre lots, the only charge being \$100 per acre in addition to the residence required of the law. It is confidently predicted that this territory will become the centre of a new and great fruit district in British Columbia. At Prince Rupert this summer strawberries grown along the Skeena River and in the valleys of the Kitchissippi, Lake and Copper Rivers came into the market for the first time in considerable quantities, and the fruit is reported to be superior to anything grown on this continent, being especially high colored, and as sweet and fine in flavor as wild strawberries; their size is remarkable running as large as a good sized crab apple or a small snow apple.

There will no doubt be a class of settlers in this section of the country who are looking for and will get tremendous returns for their labor at comparatively little expense.

For years "The Gateway to the Cariboo" has been Ashcroft, where freight and passenger traffic has had to be handled by wagon and stage.

With the building of the Grand Trunk Pacific this condition will be largely changed next spring, when the probabilities are that a steam service will be operated between Tete Jaune Cache which will be the end of the steel at that time, and Fort George, during the construction of the line between these two points. Ashcroft will lose its northern trade with startling suddenness, by the same token Edmonton will replace Vancouver at the same time the supply points for British Columbia. General interior. Freight will be carried west from Edmonton by rail, to the Cache and barged down the river to Fort George, Guelin and Soda Creek much more cheaply than it can be wagoned from Ashcroft to Soda Creek, a distance of 100 miles. It is a simple matter of economics.

When your feet are wet and cold, and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bath your feet in hot water before going to bed, and you are almost certain to ward off a severe cold.

PIMPLES CURED.

Mrs. Ellsworth Mayne, Springfield, N.B., writes:—"About five years ago my face was entirely covered with pimples. I tried everything people told me about, but found no relief. At last I thought of B.B.B. and decided to try a bottle. After using two bottles I was entirely cured, and I have since advised any lady who wants a beautiful complexion to use B.B.B."

BOILS CURED.

Mrs. Ellsworth Mayne, Springfield, N.B., writes:—"My face and neck were covered with boils, and I tried all kinds of remedies, but did me no good. I went to many doctors, but they could not cure me. I then tried Burdock Blood Bitters, and I must say it is a wonderful cure for the cure of boils. Burdock Blood Bitters is manufactured by The T. Millburn Co., Limited, Toronto, Ont."
